GOVERNMENT OF MADRAS
MINISTER FOR HEALTH
8 AUG 1952

My dear Mr. Shetty,

I am enclosing herewith a letter from Shri B.Kamalaksha Pai, President, Badiadka Panchayat Board. Having been at Badiadka several times I feel that a hospital in that area would be of great service to the population. Is there any possibility of your Ministry finding funds with which to make a beginning?

With regards,

Yours sincerely,

Sir,

Sub: Opening of a Government Hospital at Badiadka.

The residents of Perdala and neighbouring villages have been agitating for some years past for opening of a government hospital at Badiadka. The urgency for the same was fully represented to you in person and thorough subsequent correspondance on the subject.

The Director of Medical Services, Madras who was addressed on 27--I--52 with a request to open a government hospital here has intimated to us in his letter Ref:- I28517-GII/51 dated 19.3.52 that the President, District Board S.K. reported to him that it is not possible for the District Board to open a dispenaary at Badiadka on account of its financial position. The Director asked ~~for~~ our Panchayat Board whether the Panchayat was in a position to start a rural dispensary from its own funds. Our Panchayat, it may be mentioned, is a minor one with a very limited income haraly enough to meet its own needs. We informed the Director accordingly about our inability and urged him again to consider our representation favourably. But now he has forwarded the copy of our reply, to the District Board on 22--7--52 informing the District Board that ~~(Panchayat)~~ "Proposals for opening a rural dispensary may be considered by the Board as the provision of the medical relief in rural areas is a responsibility of the local bodies"

As the ~~Director~~ District Board has previously pleaded its inability for want of finance we are not hopeful of favourable reults when it is addressed again. This seems to be the official way of disposal of papers and will naturally cause delay and disappointment to us without serving any useful purpose.

The ~~(early)~~ early opening of a government hospital here will not only meet the medical needs of the locality which require immediate attention but will also fulfill the hope which ~~(require)~~ was held out to the public at the time of election.

You will therefore kindly consider these aspects and do the needful to speed up the opening of the hospital. A strong representation by you to the Hon'ble Sri A.B. Shetty, Minister for Health, Madras will, we are sure, make our efforts successful. Any other scheme with aid from the centre may also be kindly considered, if necessary, as a last resort. We are confident of your best efforts in the matters.

Yours faithfully,
B. Kamalakshan

--

The idea of a Mobile dispensary in South Kanara district does not appeal to me. It certainly means an additional medical officer. The cost of the van and the pay of the driver and cleaner have to be met wit The terrain is bad because of the ups and downs. The difficulty will b ten times more in the monsoonic weather.

In view of the above, a permanent dispensary will be a better proposition. If that is granted, my suggestion is that the present Rural dispensary at Bajpe be transferred to Badiadka.

At present two dispensaries are being run at Bajpe, a small village; one the newly opened Community Project-would-be-Primary centre an the other old rural dispensary maintained by the District Board on Gover -ment subsidy. I would suggest that the Bajpe rural dispensary be transferred to Badiadka.

The approval of this proposal means no extra expenditure either the Government or to the District Board.

I have been given to understand that the District Board of South Kanara had under the Orders of the Government -decided to transfer the Rural Dispensary now closed at BAJPE to Badiadka. But it appears that the District Board has now received Orders of the Government stating that the closed Dispensary need not be transferred to Badiadka.

In the circumstances, I beg to submit and request that the Government may be pleased to reconsider their later Orders and Order the transfer of the closed Dispensary to BADIADKA at an early date for which act of kindness we shall ever grateful.

Sir,

Sub: Hospitals - opening a rural dispensary at Badiadka - Perdala Village, South Kanara District.
Ref: G.O.(M.S) No. 2296 Health- dated 15-6-'53.

I beg to submit that the Government of Madras in their Memo No. 571-L-53 Health dated 12-1-'53 were pleased to ascertain from the President, South Kanara Dt. Board whether the Board has any objection to the proposal of transferring the provisions of the rural dispensary, Bajpe to Badiadka for opening a new dispensary at Badiadka as suggested by the Director of Medical Services, Madras.

The District Board, South Kanara, at its meeting held on 20-6-'53 has been kind enough to resolve to transfer the allopathic dispensary at Bajpe (now closed) to Badiadka.

But now, we understand that as per G.O. No. 2296 Health dated 15-6-53, the Government have ordered that the District Board need not consider at present the question of opening a rural dispensary at Badiadka as per letter dated 10-4-'53 of the President, South Kanara District Board.

Therefore, as the District Board has altered its previous opinions in the matter and has finally resolved on 20-6-'53 to transfer the dispensary to Badiadka, we earnestly pray that you will be kind enough to reconsider the G.O. dated 15-6-'53 and kindly permit the District Board, S. Kanara, to transfer the dispensary from Bajpe to Badiadka as early as possible in view of the urgent necessity for a dispensary here as already represented.

Ref: Govt.Memorandum No.37545-L3-54 Health dated 8-7-53.

As desired by the Government in the Memorandum cited above, I am forwarding herewith a copy of the District Board Resolution No.81 dated 20-6-1953 in which the District Board had resolved to transfer the Rural Allopathic Dispensary to Badiadka.

2. When the President, District Board in his Roc.No. A4-26386-52 dated 10-4-1953 which is a reply to the Government Memorandum No.571 L/53-1 Health dated 12-1-1953 offered his remarks on the proposal of transferring the Bajpe Dispensary to Badiadka as requested by the public of Badiadka it was not known that the District Board would not be asked to pay any contribution towards the cost of opening the Primary Health Centre under the Community Project Scheme. It is now understood that the District Board has not got to pay any contribution or incur any expenditure in connection with the primary Centre at Bajpe. The President was also of the opinion that in view of the Government directing the Board to retrench expenditure to reduce the deficit in the Budget, it was desirable to effect savings by not transferring the provision of the dispensary to any other village or Centre. It was on this opinion of the President that the Government in their orders Ms.No.2296 Health dated 15-6-1953 ordered that the District Board need not consider at present the question of opening a rural dispensary at Badiadka.

3. The District Board at its meeting held on 20-6-1953, seems to have reviewed the proposal and decided to transfer the dispensary to Badiadka on the following grounds:---

(i) that the District Board was not required to pay from its funds any contribution for running the Primary Health Centre and

(ii) that no additional expenditure was involved by transferring the allotment for the dispensary to another village while such a transfer would provide medical aid to another village which is in need of

4. It is true that the financial position of the Dt. Board is not satisfactory but as the opening of a Rural Dispensary at Badiadka by the transfer of the Dispensary at Bajpe closed consequent on the opening of a Primary Health Centre at Bajpe does not involve any additional expenditure to the Board, I do not object to the suggestion of the Government made in their memorandum No.571-L/53 1 Health dated 12-1-53.

South Kanara Dt - Badiadka Panchayat
Opening of a hospital -

With reference to your letter dated 5-8-52 addressed to Minister for Health, I am directed to state that it is primarily the responsibility of the local bodies to provide facilities for medical aid within their jurisdiction. The policy of Govt is to take over institutions at taluk headquarters gradually and open subsidised rural dispensaries as far as their limited resources permit but not to open regular dispensaries. Representations similar to that enclosed with your letter have been received from the P.P.S.O, Badiadha and transferred to the D.M.S

In the circumstances it is regretted that it is not possible for the Govt to open a regular dispensary at Badiadka.

The papers referred to by Secy are put up at flag (K).

2. The attention of Mr. Shiva Rao may be invited to Secy's D.O. reply to him dated 3.8.52 (flag K)

He may be told that the financial horizon of the State Govt. has in no way improved since then to enable them to Consider the question of opening a Primary Centre at Badiadka

3. Subject to approval, a Revised draft D.O. is put up.

Please see the reply from the D.M.S on P. 13 CF. He does not favour the idea of organising a mobile dispensary based on Kasergod or Mangalore to serve the needs of Kumbla Pulike where Badeadka is situated. He ~~has recommended~~ suggested that ~~at~~ the ~~so called~~ rural dispensary at Baype ~~has become superfluous~~ may be transferred to Badeadka as a primary centre under Community project scheme has been opened at Baype

C NO. 571/53 The top file deals with the question of closing the dispensary at Baype. The P.D.B. S. Kamara is being addressed whether he has any objection to utilise the provisions of the Rural dispensary at Baype ~~to be closed~~ for opening a new rural dispensary at Badeadka. This may lie over till orders are ~~passed~~ issued on the top file (NO 571/53).

2. Circulation has been interrupted with reference to Secy's orders on the further letter received from the Secy. of the Rural Health Committee, Kerala, and added at p 17 cf.

3. The P.D.B. South Kanara stated that it would not be possible to open a rural dispensary at Badiadka by transferring the provision of the rural dispensary at Bajpe for the following reasons

(a) The idea in opening a Primary Centre with beds at Bajpe ~~appears to be~~ under the Community Project Scheme appears to be to help the Dtl. Bd to run a regular dispensary instead of a rural dispensary and as such no savings would be available.

(b) The Dtl. Bd. has been asked to cut down expenditure in view of its deficit ~~fin~~ budget.

It is now stated by the Secy of the Rural

Health Committee, Perdala, that the Dt. Board at its meeting held on 20.6.53 has decided to Transfer the supervision of the Allopathic dispensary at Bajpe to Badiadka. The Govt. have not officially received any communication to this effect from the Dt. Bd. It is not known how the Dt. Bd. has now been able to overcome the ~~reasons~~ objections previously advanced by it for not opening a dispensary at Badiadka for orders whether the communication from the Dt. Bd may be awaited or whether a report may be called for even now

A report may perhaps be called for.

The ~~Mangalore~~ District Board has passed a resolution sanctioning a transfer of the provision of the subsidised rural dispensary from Bajpe to Badiadka. The District Board has explained clearly the reasons for its change of views in the matter. As the proposal does not involve any additional expenditure to the Board it may be approved. The D.M.S. recommends the proposal.
